

Woman In My Life

Engelbert Humperdinck

Something that I've said or done has really brought you down
The laughing face I used to know now always wears a frown
And if I was the one to hurt you I apologize
There must be some way I can bring that smile back to your eyes

Whoa, whoa, whoa, woman in my life
How long must you pretend
Is there nothing I can say or do to get you back again
Surely woman in my life this can't really be the end
If I take you for my wife won't you
Say you'd stay the woman in my life

Every night I lie awake just trying to understand
Exactly what I've said to you to make you change your plans
Everything's still left to dream lie shattered on the floor
There must be some way I can make you love me like before

Whoa, whoa, whoa, woman in my life
How long must you pretend
Is there nothing I can say or do to get you back again
Surely woman in my life this can't really be the end
If I take you for my wife won't you
Say you'd stay the woman in my life

Now I know I'll never find another girl as sweet as you
No matter what you think no matter what you do, ooh

Ooh, woman in my life
How long must you pretend
Is there nothing I can say or do to get you back again
Surely woman in my life this can't really be the end

If I take you for my wife won't you
Say you'd stay the woman in my life
(If I take you for my wife) won't
You say you'd stay the woman in my life
Won't you say you'd stay the woman in my life
Won't you say you'd stay the woman in my life
