English Dogs

Wanna party in Amsterdam  
Toke smoke as fast as i can  
And when I ever feel the need  
I can pipe and bong the weed

They've got morrocan  
To get you rockin'  
You know how I fell  
When on the red seal

Wanna party in Amsterdam  
Cool city in a strage land  
Look around there's sex for sale  
Every one's a winner never fails

Temple ball with opium  
Got your score you're tokin' 'em  
Skunk that's full of T.H.C.  
Are you understanding me

Wanna party in Amsterdam  
Toke smoke as fast as i can  
And when I ever feel the need  
I can pipe and bong the weed

Drinking coffee in the hard rock cafe  
Falling in the canal every other day  
Bikes and clogs and tulips they're O.K.

Acid drinking toking joking  
Crawling smiling happy toking  
Moving grooving acid raining  
Smokey bars I'm not complaining  
Thrills spills and daffodils  
Hippy trippers in their claw slippers
