

Bastard

English Dogs

There's people out there who try to fuck my mind
Playing head games to annoy me
They think I am a savage with minimum of suss
Playing head games to annoy me

But boys will be boys and I'll stand my ground with you.
Might knock you back twice as Hard. Just when you'll never know

.
You and me are milleniums apart
I'll cut your face and kick your balls
This savage maybe baby is far too smart
