

## Die Waiting

English Dogs

Day by die , one by one  
Oblivious to what's going on  
A slap in the face of reality  
Tory control in authority

Die Waiting , Die Waiting  
For attention we die waiting  
Die Waiting , Die Waiting  
For attention we die waiting

Virginia Bottomley minister of health  
Mis management , distributor of wealth  
For the patient it's cold survival  
Denial , then dead on arrival

Die Waiting , Die Waiting  
For attention we die waiting  
Die Waiting , Die Waiting  
For attention we die waiting

Do you suffer amnesia  
Well I hate to remind you  
The parasites (that) surround you  
Won't be there to save you

What are we waiting for?  
What are we waiting for?  
What are we waiting for?  
What are we waiting for?
