

Fortress Europe

English Dogs

Our commitment to European union seems as false as the paper it's written on
Just a smoke screen of public relations
(Think about thinking and talk about talking)

Will the bureaucrats ever agree
On a single European currency
Or if one and one is two or is it three?
Think about thinking and talk about talking

Fortress Europe
Fortress Europe
Fortress Europe
Fortress Europe

Fortress Europe For 21st century
Fortress Europe For our peace and security
Fortress Europe A better class economy
Fortress Europe The land of the free

Is it reasons we don't understand? is there somebody forcing our hand?
Are we heading for one more big bang?
Fight about talking and talk about fighting

All the countries who chose to say no
Had a recount then a revote
Denmark rioted , I didn't know
Think about fighting and fight about voting

Fortress Europe
Fortress Europe
Fortress Europe
Fortress Europe

Fortress Europe For 21st century
Fortress Europe For our peace and security
Fortress Europe A better class economy
Fortress Europe The land of the free

No way out
No way out
No way out
The land of the free

Fortress Europe
Fortress Europe
Fortress Europe
Fortress Europe

Fortress Europe For 21st century
Fortress Europe For our peace and security
Fortress Europe A better class economy
Fortress Europe The land of the free
