

## Invasion Of The Porky Men

English Dogs

Coming down in two's and three's  
Have ready your payment please  
Porky pieces will see you through  
Hopefully a day or two  
To disobey will do you harm  
Suck the gristle from your arm  
When the pig is at an end  
No longer will you be our friend

Invasion of the porky men  
We'll rid you of your children then your men  
Invasion of the porky men  
Prepare yourselves on sinners to defend, defend

The porky men are all around  
Waiting for the special sound  
To start the bubble of the stew  
The fleshy human brew  
No matter where you try to hide  
Porky will be at your side  
Smash your limbs and grind your bones  
The invasion is in your homes
