

Nosferatu

English Dogs

Created by the force of the Devil's blood
A man to whom time matters not
The evils of the world in human form
Devised to pray on the weakened mind

Death surrounds his ever present body
With bloodlust in his mind and soul
Worshiper of all evil commands
Nosferatu the deadliest foe

Fear comes with his name
Nosferatu
Bringer of life to the grave
Nosferatu
Many have tried to destroy you
Nosferatu
You have yet seen it all through
Nosferatu

Teeth gleam white, but they soon are red
By the light of the shadowing moon
Rides with the clouds and hides within
Awaiting there to devour you

Deceptive of their will to die and leave the Earth
The Vampire King he now shall remain
Throughout the ages, to prolong the curse
Of the teethmarks there in the vein

Fear comes with his name
Nosferatu
Bringer of life to the grave
Nosferatu
Many have tried to destroy you
Nosferatu
You have yet seen it all through
