

## Wrecking Spree

English Dogs

The desperate and bored now hear what I say  
You've been beating your meat a long time  
The helpless and doomed now listen to me  
You've been lying on the railway line  
Brothers and Sisters whatever way round  
Revolution never came  
Left with broken promises  
So begin your own campaign

On a wrecking spree  
The boys will be  
On a wrecking spree  
With a fake ID

The guilty and doomed now try to get out  
You're an example of one of their clones  
They pay you to silence their enemies  
But they want you to leave them alone  
You lost your head when you started to think  
Honour amongst thieves but your honour stinks  
Dressed like a monkey , is this how it's to be  
Doing all the dirty jobs for your army

Just a disciple , down in the sub world

The Michigan Militia sent out a wrecking crew  
They put a bomb in Oklahoma , now they've got some explaining to do  
Introduce them to the Aum Sect  
Extreme right religious freaks  
They can gladly wreck each other  
Or we'll do it for them ! Won't we? Won't we? Yes!

The desperate and bored I apologise  
No revolution today  
The helpless and doomed and guilty and damned  
No excuses OK  
Sisters and Brothers now don't destroy  
I'm already paranoid  
Bohemian , Rebellion  
Without any cause except to bow to none
