

# Echoes

ENHYPEN

You-u-u, you-u-u-u  
You-u-u, you-u-u-u

Every word you say is on repeat  
I keep dreaming of the nights where  
Kun to sugoshita kono sekai wa mō forever (Forever)  
Every thought of you is bitter sweet (Bitter sweet)  
Wanna keep you all to myself  
Mabayui hizashi ga kimi ni hohoemeba, oh no

I'll be here, I'll be here mayonaka  
Run away, run away kō kara  
I don't know how I can tell ima wa  
You and I, you and I feel so right  
Amai hō e sā, kakedashite  
Yeah, everywhere that I go

You're in my head like echoes  
I don't know how to let go  
Yumemitaina all night, all night long  
We could be in the shadows  
Where nobody else can follow  
Ni nin kitto endless, endless love

'Cause I always think about you (You-u-u, you-u-u-u)  
I always think about you (You-u-u, you-u-u-u)  
'Cause I always think about you (You-u-u, you-u-u-u; yeah, yeah)  
I always think about you  
All night, all night long

Hikari todokanai sekai de yuitsu no shine  
(Uh, uh, uh) boku dake ni shika mienai love in your eyes  
I'm going up, up, up, yozora ni mau  
Never stop this love, kun ni chikau

I'll be here, I'll be here mayonaka (Ah)  
Run away, run away kō kara (Ah)
