Give me fever

Eyes like ice, glaring red
Breaking me in two, shaking me

Standing in front of your throne
A fire burns inside me

What I gotta do, my burning hands
Reach out to you but I cannot have it
I cannot touch you, never
But I'm drawn to you
The more I hurt the more I want you

Please stop, don't stop
Please stop, don't stop (Ah)

My body is burning up because of you
My heart thirsts because of you
Like a fever, fever, fever, fever
I want to embrace you
I want to embrace you
Push me away but my fire still burns
Turn to ash but the flame still rises
Like a fever, fever, fever
I want to ache for you
I want to ache for you

Don't stop!
Yes, all day, all day burn me
Please stop!
My Sun, stop Baby oh baby
I beg you, do something anything

Don't stop! (Stop!)
Yes, all day, all day burn me
Please stop! (Stop!)
My Sun, stop baby, oh baby
I beg you, do something anything

Release me, embrace me
Release me, embrace me

My body is burning up because of you
My heart thirsts because of you
Like a fever, fever, fever, fever
I want to embrace you
I want to embrace you
Push me away but my fire still burns
Turn to ash but the flame still rises
Like a fever, fever, fever
I want to ache for you
I want to ache for you

My body is burning up because of you
My heart thirsts because of you
Like a fever, fever, fever, fever
I want to embrace you

Push me away but my fire still burns
Turn to ash but the flame still rises
Like a fever, fever, fever
I want to ache for you
