Wake up in day one
First day morning
Lights shining
Eyes of the sun

That light burned me
That light blinded me
But I go now, follow my dreams
Dive into red sun, no lie

Countless stars, countless moons
I was wandering in the woods of questions
I followed the light in the dark

You calling me over the thin line
I who calls you

(To you)
In a shower of fate's arrows
(To)
I face the horizon inside me
(Free)
Given or taken oh
My red eyes
(To you)
I flip over the world
(To)
I step into the sky
(Me)
Given or taken oh
My white fangs

Oh I walk to you
I link the two worlds
My red eyes

Oh I walk to you
Till I reach the new world
My white fangs

Thousands of doubts behind me
More thousands of mistrust behind me
But I go now, follow my dreams
Drive through the question for life

Between giving and taking

It's time for my proving
We've been waiting for that sky

You calling me over the thin line
I who calls you

(To you)
In a shower of fate's arrows
(To)
I face the horizon inside me
(Free)
Given or taken oh
My red eyes

(To you)
I flip over the world
(To)
I step into the sky
(Me)
Given or taken oh
My white fangs

Red blood
On that crown
That blood
Dripping down
Red blood

My fingers pointing to you keep staining red
But I'm gonna go
(To you)
In a shower of fate's arrows
(To)
I face the horizon inside me
(Free)
Given or taken oh
My red eyes

(To you)
I flip over the world
(To)
I step into the sky
(Me)
Given or taken oh
My white fangs

Oh I walk to you
I link the two worlds
My red eyes

Oh I walk to you
Till I reach the new world
My white fangs
