

## Look of Today

Enigma

Shoe you inside and you will see  
Feel what just money can bring  
Can you see?

That's the look, that's the look  
That's the look of today  
That's the look, that's the look  
That's the look

You have a problem, I can help  
Buy it and be yourself  
'Cause you know

That's the look, that's the look  
That's the look of today  
That's the look, that's the look  
That's the look

So many trends just fade away  
Before you can wear it  
It's a pass a blade  
Can you see?

That's the look, that's the look  
That's the look of today  
That's the look, that's the look  
That's the look

You are so stylish, you're so vain  
Sometimes I think you have no brain  
But you know

That's the look, that's the look  
That's the look of today  
That's the look, that's the look  
That's the look

That's the look, that's the look  
That's the look of today

That's the look, that's the look  
That's the look of today  
That's the look, that's the look  
That's the look
