

# Burn This Bridge

Enisa

You let me down  
Shut me out when I needed you  
I'm dreaming loud  
Can't drown me out  
Cause I got things to prove

You thought that I'd go quietly and fade to black  
You thought that I'd break easily, I wouldn't last  
I thought that you were everything, the missing piece  
When you let me go you lit a fire in me!

I'm gonna burn this bridge  
I ain't never coming back (no)  
I ain't never coming back (no, no, no)  
That girl you knew is gone  
Leave the tears in the past (oh)  
I ain't never coming back (no, no, no)

You lit this fire in me  
Because you never believed  
That there was fire in me  
Now you can't, put it out  
I'm gonna burn this bridge  
I ain't never coming back (no)  
I ain't never coming back (no, no, no)

Now lesson learned  
I know I'm worth it  
I'll get there on my own  
Yeah, it's my turn  
I'm gonna take control  
You can't turn down my voice

You thought that I'd go quietly and fade to black  
You thought that I'd break easily, I wouldn't last  
I thought that you were everything, the missing piece  
When you let me go you lit a fire in me!

I'm gonna burn this bridge  
I ain't never coming back (no)  
I ain't never coming back (no, no, no)  
That girl you knew is gone  
Leave the tears in the past (oh)  
I ain't never coming back (no, no, no)

You lit this fire in me  
Because you never believed  
That there was fire in me  
Now you can't, put it out  
I'm gonna burn this bridge  
I ain't never coming back (no)  
I ain't never coming back (no, no, no)

You let me down  
Shut me out when I needed you  
Oh, oh

I'm gonna burn this bridge  
I ain't never coming back (no)  
I ain't never coming back (no, no, no)  
That girl you knew is gone, (she's gone)  
Leave the tears in the past (oh) (leave em' in the past never coming back)  
I ain't never coming back (no, no, no)

You lit this fire in me, (yeah)  
Because you never believed, (oh)  
That there was fire in me  
Now you can't, put it out  
I'm gonna burn this bridge, (oh)  
I ain't never coming back (no)  
I ain't never coming back (no, no, no)
