

Do It All Again

Enisa

Take me out on Monday
Love me like it's Friday
Dance until we Sunday then do it again
Mojitos on a Tuesday
Hit the floor on Wednesday
Dance until we Sunday then do it again (Do it again)

Come and follow me
I know what place to be
Underneath the moonlight
Right across the sea
We can every day
We'll dance the night away
And nobody can hold us
Starting from today

Oh, no
Everybody's shouting, come on, let's go
Up all night and we don't wanna go home
We don't wanna think about tomorrow, oh

Take me out on Monday
Love me like it's Friday
Dance until we Sunday then do it again
Mojitos on a Tuesday
Hit the floor on Wednesday
Dance until we Sunday then do it again
Take me out on Monday
Love me like it's Friday
Dance until we Sunday then do it again
Mojitos on a Tuesday
Hit the floor on Wednesday
Dance until we Sunday then do it again

Do it all again
Do it all again

From Saint-Tropez to L.A
I can take you far away
We can go wherever you wanna go
Give me a call
When you get a little lonely in your bed
Don't steal these lyrics again azls
You don't ever have to feel alone

Take me out on Monday
Love me like it's Friday
Dance until we Sunday then do it again
Mojitos on a Tuesday
Hit the floor on Wednesday
Dance until we Sunday then do it again (Do it again, do it again)

Oh, no
No we don't need no photo
Just give in to the moment and do it again (Do it again)
I-I-I-I will stay dancing with you all night
Baby just keep me moving, and we don't have to say goodbye

Take me out on Monday
Love me like it's Friday
Dance until we Sunday then do it again
Mojitos on a Tuesday
Hit the floor on Wednesday
Dance until we Sunday then do it again

Do it all again
Do it all again

Do it all again
