

Dumb Boy

Enisa

I'm a lover, I'm a fighter
I give my heart or I take it back
You better know I hold the power
I make the rules and I break 'em fast

I showed you the world
And I gave you the key
But you let it go all for one night
Boy now that I know all
The secrets you keep
I'm comin' 'round

You don't even know what you started
Imma break your heart with a one man army
Let you feel the pain till you're sorry
Imma make it rain and it won't stop pourin'
Dumb boy da-da-da-dee dumb dumb boy
La-da-da-da-da-da-dumb
Dumb boy da-da-da-dee dumb dumb boy
Look what you've done
Look what you've done
Look what you've done
Dumb boy da-da-da-dee dumb dumb boy
Dumb boy da-da-da-dee dumb dumb boy

I'm a lover, I'm a psycho
I'll burn your house down with a smile
You'll be sleeping with one eye closed
I'll leave you messed up for awhile

I showed you the world
And I gave you the key
But you let it go all for one night
Boy now that I know all
The secrets you keep
I'm comin' 'round

You don't even know what you started
Imma break your heart with a one man army
Let you feel the pain till you're sorry
Imma make it rain and it won't stop pourin'
Dumb boy da-da-da-dee dumb dumb boy
La-da-da-da-da-da-dumb
Dumb boy da-da-da-dee dumb dumb boy
Look what you've done
Look what you've done
Look what you've done
Dumb boy da-da-da-dee dumb dumb boy
Dumb boy da-da-da-dee dumb dumb boy

(Uh...)
You're a dumb, you're a
Dumb, dumb boy
