

# Freedom

Enisa

I'm tired of your reasons  
I can't measure up  
I'm spinning like a broken record  
You won't let me loose like a  
Lion in a cage  
I believe in something better

I know, I know, I know  
It ain't given, I know I gotta take it  
I know, I know, I know  
Once I got it I can never let go

Freedom, freedom  
Breathe it in like oxygen  
Freedom, freedom  
Never give it up again  
They'll try to break me  
And they'll try to change me  
No matter what, got the only thing that I need  
Freedom, freedom  
Breathe it in like oxygen

Drowning in the deep end  
Sinking in these lies  
Screaming but I'll never be heard  
Done with these excuses  
Done with all this doubt  
I'm ready and I'm taking my turn

I know, I know, I know  
It ain't given, I know I gotta take it  
I know, I know, I know  
Once I got it I can never let go

Freedom, freedom  
Breathe it in like oxygen  
Freedom, freedom  
Never give it up again  
They'll try to break me  
And they'll try to change me  
No matter what, got the only thing that I need  
Freedom, freedom  
Breathe it in like oxygen

Once I got it  
I could never let go  
Once I got it  
I could never let go  
No, no, no  
I could never let go

Freedom, freedom  
Breathe it in like oxygen  
Freedom, freedom  
Never give it up again  
They'll try to break me  
And they'll try to change me

No matter what, got the only thing that I need  
Freedom, freedom  
Breathe it in like oxygen...

Breathe it in like oxygen
