

One Thing

Enisa

10 PM, everybody gettin' so drunk
Perrier, I ain't trying to get messed up
Ohhh all the guys staring at me
Boy they lookin' so hungry
They could look but they never, ever can touch

1 AM all the boys they keep trying ha-ha yeah
Spittin' game but they know they all lyin' uh-huh
Ohhh I don't need no convincing
I just wanna keep dancing
Pourin' out all the drinks they keep buying

Them boys they only want one thing
(Yeah they only want one thing)
If you so thirsty take a drink
(Yeah they only want one thing)
Oh why you tryna waste my time
Just like every other guy
Them boys they only want one thing
(Yeah they only want one thing)

It's gonna take more than talk to impress me (Nuh-uh)
Move your lips but your eyes undress me
Ohhh unless you're getting down on one knee
Boy you're barking up the wrong tree
You're a fool to think I'd ever fall that easy

Them boys they only want one thing
(Yeah they only want one thing)
If you so thirsty take a drink
(Yeah they only want one thing)
Oh why you tryna waste my time
Just like every other guy
Them boys they only want one thing
(Yeah they only want one thing)

No I ain't looking for no fling
(Yeah they only want one thing)
And I don't see no diamond ring
(Yeah they only want one thing)
So why you tryna take me home
I can get there on my own
Them boys they only want one thing
(One thing, one thing)
(Yeah they only want one thing)

Boys, treat em like toys
Na-na-na-na-na-na-ohhh
Them boys they only want thing
Yeah they only want one thing
