

# Something Beautiful

Enisa

These are the days you can't imagine  
These kind of nights should never happen  
There's a lesson to be learned if you could see it  
And there's a higher truth I still believe in

Even in the darkest hour, we don't know what lies ahead  
We'll never give up power, we'll never bow our heads  
Even when your face is wet, with someone else's tears  
Promise you'll never forget

Something beautiful, incredible  
Gotta show the world we're not invisible  
Oh, oh, oh, oh-oh-oh  
Oh, oh, oh, oh-oh-oh  
Don't know the word impossible  
Together we're invincible, invincible

These are the hours we're put to the test  
This is the worst now but it brings out our best  
Together we ain't blinded by the darkness  
We gon' make it through but damn this is the hardest

Even in the darkest hour, we don't know what lies ahead  
We'll never give up power, we'll never bow our heads  
Even when your face is wet, with someone else's tears  
Promise you'll never forget

Something beautiful, incredible  
Ne I tregojme botës se na jena një  
Oh, oh, oh, oh-oh-oh  
Oh, oh, oh, oh-oh-oh  
Don't know the word impossible  
Together we're invincible, invincible  
We're invincible

Something beautiful incredible  
Ne I tregojme botës se na jena një
