

Around the world, want you close to me  
Everyday, all night, where you supposed to be?  
My heart constantly skips a beat  
Like boom boom boom  
Woke up in a foreign place  
Can't waste no time, can't hesitate  
Keep up if I set the pace  
Like zoom zoom zoom

Come my way, come my way  
Ah, yeah yeah yeah  
Say my name, say my name  
Ah, yeah yeah yeah  
You could feel it, don't play right now  
Turn it up and come get me loud  
Make my heartbeat go make that sound  
Like zoom zoom zoom

Ah, yeah yeah yeah  
Ah, yeah yeah yeah  
Zoom zoom zoom  
Ah, yeah yeah yeah  
Ah, yeah yeah yeah  
Zoom zoom zoom  
Ah, yeah yeah yeah

Better work 'cause I'm hard to get  
I'm moving too fast, better catch your breath (oh yeah)  
Step up, gotta show me something  
New new new  
My love international  
When you speaking my language, physical (oh yeah)  
Think fast when I switch it up

Come my way, come my way  
Ah, yeah yeah yeah  
Say my name, say my name  
Ah, yeah yeah yeah  
You could feel it, don't play right now

Make my heartbeat go make that sound
