

## Crash

## Enjambre

You are running from your mother, yeah  
You are running from your father  
'Cause you're running out of patients  
'Cause you're running out of patients

You are running from commitment, yeah  
You are running from all treatment  
Now, you're running out of business  
Yeah, you're running out of business

You are running from preventions, yeah  
You are running from injections  
Now, you're running out of time  
Yeah, you're running out of time

You are running from the mirror  
You show yourself only with filters  
Now, you're running out of life  
Yeah, you're running out of life

You don't want to be part of the human race  
You don't want to win or complete this dreadful race  
Don't mind to be beaten, so instead, you just

Run around  
Burning to ash  
Running to lay down  
Running to crash

You are running with a blindfolded face  
You run to stay in the same place  
You are running just to crash  
You are running just to crash

You don't want to be part of the human race  
You don't want to win or complete this dreadful race  
Don't mind to be beaten, so instead, you just

Run around  
Burning to ash  
Running to lay down  
Running to crash

Running around  
No sight nor sound  
Running out of cash  
Running to crash  
Crash, crash, crash
