

Bernie Mac

ENNY

Just flew gang to the island she said o man why you spend so much
Chrome heart top and my crep them match like Bernie Mac cash mek di girls de
m laugh

Bare man, bare gyal in here
Yo yo's tucked course we no fear nuttin
If KeKe got the fizzy in his Palmer it's done

I thought a joke nigga said something
Bro don't rap but he'll certainly lay suttin
Cant stop now where's the play button at
Ill mannered come to shake tables and cut
Speaking of manners I'm buzzin' where the cutlery
Fuck a knife, here's a spoon to eat your heart out properly
Honestly if you tried it never got to me
Got a better chance of winning the lottery

I've got a gun in my purse
Who gone check me boo
Undercover mother fucker
In my mums old coupe
Passenger seat I creep like I'm supposed to do
This ain't a crime, it's a vengeance
The heights of suspense
Two minds that I'm in
Fly out or the rent
No time to digress
Oh my, I'm a mess
Two hands on my neck
Got plans out the head
Blew steam out my nose like I smoked cigarettes

Just flew gang to the island she said o man why you spend so much
Chrome heart top and my crep them match like Bernie Mac cash mek di girls de
m laugh
Bare man, bare gyal in here
Yo yo's tucked course we no fear nuttin
If KeKe got the fizzy in his Palmer it's done

Like o why'd you spend so much
Where'd you get your blue jacket and your Jordan's from
Why'd you pull up on the spot like you weren't on nothing
Why you got the girls frontin like Pharrel or something

Yo Enny why your flow so deadly
Why you make a man wan spend his very last penny
See you curve all the man from the block like Jenny
No heart for a bum you need a boss cuz yuh style heavy yazeet

Alright let me pour this little cognac and break it down for you
I ain't moved by clout or begging friends or what you clowns all do
Came for respect dads name on my neck
Big brains be the flex
Can't change for a check
Wait let me talk my shit and hold my dick just like the guys do
Then pop up in the booth and Imma flip it like a haiku
Cause I can do anything he can do better babe
Flow like a butterfly

Swing like a heavy weight

Just flew gang to the island she said o man why you spend so much
Chrome heart top and my crep them match like Bernie Mac cash mek di girls de
m laugh
Bare man, bare gyal in here
Yo yo's tucked course we no fear nuttin
If KeKe got the fizzy in his Palmer it's done
