

## Never Forgive, Never Forget

Enterprise Earth

I've been living with the guilt for so long.  
I lost you. What went wrong?  
If I would of done something different,  
maybe you'd still be here, but I didn't.  
Never forgive, never forget.  
I live with the guilt. I live with the pain.  
Life will never be the same without you.  
I'm trying not to lose hope. I'm still trying to cope.  
Maybe if I would have done something different,  
you wouldn't be dead, but you are.  
I wish it could have taken me instead.  
I'm alive and I live with the pain every single day.  
I can never forgive myself.  
Every day without you is fucking hell.  
Never forgive, never forget.  
When I think of you, I think of you as you are.  
Maggots eating away at your flesh.  
When I put my ear to your lips there was no breath.  
You've been taken from me, taken by death.  
Never forgive, never forget.
