

Hubris Fall

Entombed

Falling skies a withering stage
Last brave soldiers
Deceived in their age

Ridden them from fear
Burn severe

Hubris fall
Alone down in the pit
Against all
Agree to kill the world
Death pile tall
Profound amount of shit
Hubris call
Insane agenda whirled

Foul stench down the abyss
Unpredictable
Expect don't dismiss

Ridden thou from fear
Burn severe

Hubris fall
Alone down in the pit
Against all
Agree to kill the world
Death pile tall
Profound amount of shit
Hubris call
Insane agenda whirled

In our minds
A conviction we are strong
In control of destiny
We are chosen can't do wrong
Follow up this prophecy

Hubris fall
Alone down in the pit
Against all
Agree to kill the world
Death pile tall
Profound amount of shit
Hubris call
Insane agenda whirled
