## Entombed

Attention hordes  
Tonight we're gonna roll  
And save your soul  
Formation back to back  
In seconds they'll attack  
No quarter be the way  
These fuckers they don't play  
Tonight we have to stride  
And tan their rotten hide  
Abhorrence of the sin

Stay true and pure  
Don't let them get within

Kill to live  
Must kill to live

We shall prevail  
And if you cannot cope  
Get drunk or smoke some dope  
Malicious cruel intent  
Whole army they have sent  
Your rage you must unblock  
Mount up cock lock and rock  
No time to comprehend  
Reload and just defend

Stay true and pure  
Don't let them get within

Must kill to live  
Kill to live

Obliterate the dead  
Effectively behead  
Open wound flesh consume  
We're oscar mike out of ammo soon  
Check your corners, execute the doom  
Metal war

Kill to live  
Must kill to live
