```
I am your majesty

Noise of death I'll hear

Never change the course

I have your soul of death
```

Cut by knife
I scream like hell
Blood red I spill
Raining blood
I should never lied
Blood red I spill

Diiiiieeeeeeee

I am your worst nightmare you ever had

I scream in your head your blood turns red

I call you in the darkest death

When you have arrived you can't find back
