

Back in Time

Enuff Z'Nuff

How could you do this to me
After all that we've been through?
Creating hassles for me
When I'm building castles for you
I don't think I treated you bad
No matter what others say
You're still the best thing I had
Even though you treat me this way

Standing right above you, watching everything you do
There's something I wanna know:

If we went back in time (go back in time)
And changed the things that we did (changed the things that we did)
Oh, would you be mine, not wasting your time making love to him?

Remember words you would say
Like you don't fall out of love
Love has a price that you pay
And I'd be your only one

Watching you, watching him, same picture seven days
There's something I wanna know:

If we went back in time (go back in time)
And changed the things that we did (changed the things that we did)

Oh, would you be mine, not wasting your time making love to him?

How could you do this to me
