Heaven or Hell

Enuff Z'Nuff

You broke my heart
When you broke my face,
And it came apart
When you brought disgrace.
And I'll never know
What's on your mind!
I took my blows
And I took my pain.
There was nothing lost
And there's nothing gained.
But I know that down deep
In your heart there's a place
That's much finer, I know,
Than the look on your face.
Don't you wanna go to Heaven?
Why you live your life in hell?
Baby all has been forgiven,
It's Heaven or Hell.

It tore me up and
It pushed me around
And it turned my
Everything upside down.
I still love you,
And I don't know why.
So the time has come
That you come to me,
Turn our messed up notes into harmony,
'Cause we're humming a song
That we don't really know
Let's get back to the one
That we knew long ago.

Repeat Chorus.

Can't you try to roll a seven?
Can't you try to ring a bell?
Baby everything's forgiven,
It's Heaven or Hell.
