

New Kind of Motion

Enuff Z'Nuff

She's got a new kind of motion.
She's got a new kind of motion.
Everybody come alive now.
Waiting for her to arrive now.
Hit the stage and she's rocking the ages.
She's a rave and it's turning some pages.

Love won't find her anymore
As her heart spreads through an open door.

\$20 million dollar style now.
\$20 million dollar smile now.
She's a new thing that's driving them crazy.
Boy she grew like a rose in the daisies.

Hearts can't take this little girl
Like a star creates a little world.

Will her adoration grow now?
Will the good sensation flow now?
Watch her move and you feel the vibration.
In the groove, it's a big invitation.
Sunshine turned 16 today,
Make her fall asleep and dream away
