

# All I Need

Eowyn

Take this cup from my hands  
Is it half full or empty?  
My will screams demands  
Will you pour out your mercy?  
So I pray  
So I pray

Captured by your love  
You are all I need  
Standing inside your light  
Falling on my knees  
Take control  
Fill my life  
You are all I need

In the mist of your perfect grace  
Resting slowly in your presents  
So I break from your embrace  
Restore me and my savior  
So I wait  
Yes I wait

Captured by your love  
You are all I need  
Standing inside your light  
Falling on my knees  
Take control  
Fill my life  
You're all I need

Captured by your love  
You are all that I need  
Standing inside your light  
Falling on my knees  
Take control  
Fill my life  
You are all I need

You are
