Drenched

Eowyn

Time waits for no one here
But still You wait for me
Come save me from myself
Help me believe
Help me trust Your plan
Trust in what you've said
Reaching out I hear You
With a word You draw me in
God I need a breakthrough

Just move
Drench me with Your presence
Drench me with Your truth
And move
Drench me with your love
And fill me till I can't lose
Cause all I want is You
Just move

Lie awake tonight I
See Your face when I
Set aside denial
Take me back, take me by Your side
And I'll see it through this time

The way home is calling out
While I sing

Just move
Drench me with Your presence
Drench me with Your truth
And move
Drench me with Your love
And fill me till I can't lose
Cause all I want is you
Just move

Letting go again
Here with you I stand
Drench me with Your love
Letting go again
Here with you I stand
Drench me with Your love
Letting go again
Here with you I stand
Drench me with Your love
Letting go again
Here with you I stand
Drench me with Your love
