

Hero

Eowyn

[Verse 1]

I can't do this again
It's time I realize
That I can try try try just to survive
So I run Oh I run
Through the cold and lonely night
While You fight fight fight for my life

[Chorus]

Come and be my hero now
Come and be my hero now
Come and be my
I was nothing without You
Come and be my
Your my hero
Come and be my hero now
Come and be my hero now
Come and be my
My hero
Come and be my
My Hero

[Verse 2]

By Your beautiful grace
You heard my cry for help

Oh You found me
You found me in the dark
Place your hand in mine
Leave the way this time
Make me stronger
Make me conquer
What I can't resist

[Chorus]

Come and be my hero now
Come and be my hero now
Come and be my
When I doubt, when I fear
You're my hero
Come and be my hero
You're my hero
Come and be my hero
You always around
Come and be
You love me

[Outro]

If I live a full life
Will I finally realize
That I try, try, try just to survive
