The moments of pain and beauty
From when we were young and troubled
Every fleeting moment we shared
Will shine brightly
Don't be nervous, straighten your shoulders
Smile, lift the corners of your mouth (Lift)
Sparkling little white lights bursting
Us in the excited graduation photos, yeah
*Shh, awkward beginnings passed by, suddenly
Running non-stop every day, we arrived*
*Breath rising, my exhaled breath
Becomes warm deep in my heart*

I feel regretful
Will the memories of us dreaming together fade, yeah
Now
Engrave it so we never forget

Because it's us, we were reckless
In those moments when anything was possible
The more time passes, the more
Exciting it gets (We are young)
Let's tightly hold it together
You and I, shining bright, oh
It's okay, it'll be brilliant
(We are young)

Imaginations filled to the max
I turn around and scan through the memories
This perfectly fitting school uniform and that bustling snack bar
It's almost over, L-O, L-O-V-E
I can't see any scene without you
Calling embarrassment a luxury, we sang of youth
Being by your side, both anxious and amused
Being with you makes me fearless

Fortunately
The stories of laughter and tears continue, yeah
Now
Growing every day, you and I

Because it's us, we were reckless
In those moments when anything was possible
The more time passes, the more
Exciting it gets (We are young)
Let's tightly hold it together
You and I, shining bright, oh

It's okay, it'll be brilliant
(We are young)

Drawing lines of worry
Walking as if on a tightrope
Even if we don't know the future, as long as we're happy
Filled with pictures, just like now (Oh)

Big dream, big step, don't be afraid
When I've grown up in the future (Yeah)
I want to capture the next you
Please take care of each other for the remaining time
Big dream, big step, don't be afraid (Ooh)
When we've both grown up in the future (Ooh)
Let's go together in the next phase

The moments of pain and beauty
From when we were young and troubled
All the fleeting moments we shared
Will shine brightly
