

Blown

Ephemera

You try to look me in my eye
Wanting forgiveness for your lies
Do I know how much you care?
You say you miss the times we had
And you're sorry and you're sad
Do I know how much you care?
You say it all seems like a mess
Without me there's nothing left
Do I know how much you care?
Not completely blown
Not so cleverly done, done
You were the one who turned me down
I can't believe you are on your own
Do I know how much you care?
You do your very best to explain
You may do it all in vain
Do I know how much you care?
You say you know just how I feel
It's not easy to conceal
Do I know how much you care?
Not completely blown
Not so cleverly done, done
