

Down Bad Freestyle

Epik High

Woo!

Supreme T, Street T
Sleepy M in the back
It's Epik High, motherfuckers
It's 2023, yeah

Someone just got canceled
I can hear it through the window
I feel for the man
Have you seen all the tweets though?
Got people screamin', "jfc"
Other people sayin', "Let's wait and see"
Get out the popcorn
The world is goin' full Do Kwon with the lunacy, uh

Who needs a metaverse? Yo, it's a meta curse
Diggin' up meta dirt to put you in a meta hearse
I never a met a verse that I didn't slay (What? #BARZ)
I gotta get out of this room, I need help
Fuck a zoom, I need IRL (Ooh)
Sorry, I can't talk right now
With all of this duct tape over my mouth, uh

If you're down bad, make some noise
If you're down bad, make some noise
If you're down bad, make some noise
Yeah, let's fuckin' go
If you're down bad, make some noise (Make some noise)
If you're down bad, make some noise (Make some noise)
If you're down bad, make some noise
Let's fuckin' go
