

Silences Of Dawn (poetry)

Epysode

[Valma]

I heard a cry in the night,
Then the sound of footsteps on the ground.
I felt the brightness of the moon
Upon my face and warmth of a family home...

As my body began to tremble,
I heard the scream of a terrified child.
An inhuman coldness seems to surround him,
To take him... Into the silences of dawn.

Kallon where are you going? Be careful...
