There's something wrong inside of me  
What I'm feeling seems so unreal  
I have no faith anymore,  
What I'm searching for can't save me  
Now I'm dying

Obsessed by anger and obsessed by sorrow  
There's no reason to this freakshow  
Thorns  
It's to a stream made of sins  
That you and i belong  
And we will light the dark  
Until a new day begins

There's no place for remorse in me  
The pain I've inside looks surreal  
I have no heart anymore,  
What I'm searching for can't save me  
No more creed

Obsessed by anger and obsessed by sorrow  
There's no reason to this freakshow

It's to a stream made of sins  
That you and I belong  
Obsessed by anger and obsessed by sorrow  
There's no reason to this freakshow

It's to a stream made of sins  
That you and I belong... Thorns  
And we will light the dark  
Until a new day begins  
Thorns...
