

Revolution

Equilibrium

I will rise up from down below
And fill my wounds with paint of war
Determination starts to grow
From high above you're gonna hear me roar

I need to burn down
All my confusion
Cause this is day one
Of my revolution

Inhale
Revive
Let my branches spring to life
And if the past was rough
I know the world is enough

I raise my flag as high as it can go
And let it dance full of grace
I am the only one who knows
Right now it is my time and space

I need to burn down
All my confusion
Cause this is day one
Of my revolution

Inhale
Revive
Let my branches spring to life
And if the past was rough
I know the world is enough

Inhale
Revive
Let my branches spring to life
And if the past was rough
I know the world is enough

I need to burn down
All my confusion
Cause this is day one
Of my revolution

I need to burn down
All my confusion
Cause this is day one
Of my revolution
