

Downtown

Eraserheads

Give me a reason 2 begin
I want 2 see u on the floor
No need to bring ur neon violin
I want 2 see u dance like never b4

Take a left 2 the freeway, we're going downtown
The weather is fine tonight, everbody get down

Come over little pretty kitty eye
Sing me that song u know
From panorama city bleach and dye
I want 2 hear u sing like u did b4

Take a left 2 the freeway, we're going downtown
The weather is fine tonight, everybody get down
I got my red backpack, strapped and in tact
"free til' august" baby gimme some slack
Anywhere is a 20minute ride, on and on in the sea of feedback

Take the viper rollercoaster ride it twice
I felt my breakfast playing basketball
Drive into a late night diner order fries
We gotta kick it for a little bit more

I'm so glad that you can come tonight
Get on the floor and make everything alright
We won't stop, we won't stop
