

Playground

Eraserheads

Come step inside my playground
And see what's goin' on tonight
Come step inside my playground
Be spellbound in my playground

Shootin' pictures of the stardust
teacher in a carpet morsel with a scarlet letter

Ring bearer had a light bulb hangin' style
a tight rope actor of a night set seller

Up in the sky take a twist with a fly-girl dream

Casting a charm that's quite obscene

Come step inside my playground
And see what's goin' on tonight
Come step inside my playground
Be spellbound in my playground
Bouncing colors let the moon shine sonar
afternoon time slipin' with the sand dune buggy
Eye witness go through fried rice topic

on it's side step sister got to be wild honey
Being in the clouds is a trip to the silver screen

Play sixteen bars on the tambourine

Come step inside my playground
And see what's goin' on tonight
Come step inside my playground
Be spellbound in my playground
You are the tv dynamite that I've been waiting for
Tune in the secret radio station that will carry on

Come step inside my playground
And see what's goin' on tonight
Come step inside my playground
Be spellbound in my playground
Come step inside my playground
See what's goin' on tonight
Come step inside my playground
See what's goin' on, see what's goin' on tonight
