

Early Bird

Erasure

I stopped depending on you baby
I've been working 'till the early hours
Rapped my fingers to the bone, yeah
Wracked my brain until it hurts me, baby

And I get down on my knees and declare my love
It's so cold outside and I need your warmth

I see your light on, baby
Sure didn't mean to make you cry
I've been under pressure lately
And ooh, I know it's gonna be alright

And I know that you've been praying
Saving for a rainy day now, baby
I've been working at the station
Didn't know you were waiting, baby

And the early bird didn't get the worm

I see your light on, baby
I sure didn't mean to make you cry
I've been under pressure lately
And I'll prove you wrong it's gonna be alright

Don't steal me, baby
Don't steal me, baby
Don't steal me, baby
Don't steal me, baby

And I get down on one knee and declare my love for you
It's so cold outside and I need your warmth

I see your light on, baby
I sure didn't mean to make you cry
I've been under pressure lately
And ooh, I know it's gonna be alright

I see your light on, baby
I sure didn't mean to make you cry
I've been under pressure lately
And I'll prove you wrong it's gonna be alright
