

# Freedom

Erasure

Freedom will come  
To real love  
Heaven will come  
For real love

Do-Wah, Do-Wah, Do-Wah  
Run away when it hurts, from the things that we do  
Do-Wah, Do-Wah, Do-Wah  
Don't know why we cry, run away from the truth

Children of new men  
Colours of human kind, in shadow  
Good is your loving  
Growing and sharing storms

Believe  
You've got to believe

Calling the day freedom will come  
And we will arise to real love  
Day by day, heaven will come  
And we'll survive for real love

Cherish the union, the light in a stranger's eyes  
Your guardian angel will make all the wrong things right

Believe  
You've got to believe

Do-Wah, Do-Wah, Do-Wah  
Do-Wah, Do-Wah, Do-Wah  
Do-Wah, Do-Wah, Do-Wah  
Do-Wah, Do-Wah, Do-Wah

Calling the day freedom will come  
And we will arise to real love  
Day by day, heaven will come  
And we'll survive for real love

Calling the day freedom will come  
And touch the sky in heaven above  
Day by day, heaven will come  
And we'll survive for real love

Calling the day freedom will come  
And touch the sky in heaven above  
Day by day, heaven will come  
And we'll survive for real love

Calling the day freedom will come  
And touch the sky in heaven above  
Day by day, heaven will come  
And we'll survive for real love
