

I Don't Know Why

Erasure

Time passes by
Goes so fast then you die
It's enough just to be with you

You set your sights high
No regrets no goodbye
Just a face in your mind for the ones

Cross my heart
Cross my fingers
Cross my mind
Cross my path
Cross my heart
Hold my breath

Space and time
Our souls entwine
We are touching something
Spiritual and divine

The lonesome heart
When our souls part
But the saints in heaven
Hear the lonely cry

I close my eyes
And I see your sweet smile
Been a while since you came and talked

Places I've been
And people I've seen
Simply pale into view when compared

Cross my heart
Cross my fingers
Hold my breath

Space and time
Our souls entwine
We are touching something
Spiritual and divine

The lonesome heart
When our souls part
But the saints in heaven
Hear the lonely cry

Space and time
Our souls entwine
We are touching something
Spiritual and divine

The lonesome heart
When our souls part
But the saints in heaven
Hear the lonely cry

Space and time
Our souls entwine
We are touching something
Spiritual and divine

The lonesome heart
When our souls part
But the saints in heaven
Hear the lonely cry
