

## If I Could

Erasure

Make The World A Little Better

I don't believe you know  
What you're talking about  
I don't believe you'd ever go  
And ever find out for yourself  
Always got a lot to say  
Well I'm not listening anyway  
I'm not listening anyway

If I could  
Make the world a little better  
You know I would  
Make the world a little better  
If I could  
Make the world a little better

I don't believe you care  
About the consequences  
I don't believe you share  
In what you know we know is true  
Turning keys and locking doors  
I won't accept that anymore  
Won't accept that anymore

If I could  
Make the world a little better  
You know I would  
Make the world a little better  
If I could  
Make the world a little better

I don't believe you know  
About the hearts you've broken  
I don't believe you show  
What your intentions really are  
Can you hear  
What have you done  
There's not enough for everyone  
Not enough for anyone

If I could  
Make the world a little better  
You know I would  
Make the world a little better  
If I could  
Make the world a little better

If I could  
Make the world a little better  
You know I would  
Make the world a little better  
If I could  
Make the world a little better

(If I could you know I would)  
(If I could you know I would)

(If I could you know I would)  
(If I could you know I would)
