

Just When I Thought It Was Ending

Erasure

How was I to know you wouldn't show?
I gave it all I could it wasn't good enough

And I do care
For my life
And I do swear
That I'll survive

Just when I thought it was ending
I could feel you
Just when I thought it was ending
I could feel you
It's just a matter of time
And only time will heal you
Just when I thought it was ending
I could feel you

Darling can I feel you?

It was meant to last and then it disappears
Just like a photograph of who's an innocents

I did not mean
To hurt you so
That was the last thing in my mind
I'd ever do

Just when I thought it was ending
I could feel you
Just when I thought it was ending
I could feel you
It's just a matter of time
And only time will heal you
Just when I thought it was ending
I could feel you

How was I to know
You wouldn't show?
How was I to know
You wouldn't show?

Just when I thought it was ending
I could feel you
Just when I thought it was ending
I could feel you
It's just a matter of time
And only time will heal you
Just when I thought it was ending
I could feel you
