

## The Conman

Erasure

Hey now...

You know those uh, what's a conman  
A conman  
You gotta rise up  
A conman

Takes years of training to be a conman  
I know I wanna be one of them  
What are you gonna do? (Hey now)  
What are you gonna do about it?  
What are you gonna do about it?

You gotta rise up, stand up, be counted  
Don't be a coward, make your opinion known  
Show 'em how you feel

(What are you gonna do?)  
There's a man...
