

# You Surround Me

Erasure

Don't ever let me take you for granted  
You've got your finger on the pulse of my soul  
Let me place a kiss in the small of your back  
Love and protect you from the evils of this world

Baby don't ever leave me stranded  
Whoever said that the streets were paved with gold  
Well I'm afraid that we're all sadly mistaken  
There's nothing here till we have someone to hold

I love you with all the joy of living  
Till the lights go down on New York City  
It's a special love affair  
And there's magic in the air

You gotta shake me down  
Bring me round to my senses  
Till I'm lost and found  
And you surround me with your senses

If love wasn't here would we reinvent it?  
Oh take me down to the very root of my soul  
Oh baby say it as if you really mean it  
And feel the passion  
Work its way up through your skin

I love you with all the joy of living  
Till the lights go down on New York City  
It's a special love affair  
And there's magic in the air

You gotta shake me down  
Bring me round to my senses  
Till I'm lost and found  
And you surround me with your senses

Let me take you by the hand  
And we can go and find a brand new world  
Star light  
Star bright  
Let me take you by the hand  
And lead you to a safe place in this world

You gotta shake me down  
Bring me round to my senses  
Until I'm lost and found  
And you surround me with your senses

And you gotta shake me down  
Bring me round to my senses  
Until I'm lost and found  
And you surround me with your senses

And you gotta shake me down  
Bring me round to my senses  
Until I'm lost and found  
And you surround me with your senses

And you gotta shake me down  
Bring me round to my senses  
Until I'm lost and found  
And you surround me with your senses

And you gotta shake me down  
Bring me round to my senses  
Until I'm lost and found  
And you surround me with your senses

And you gotta shake me down  
Bring me round to my senses  
Until I'm lost and found  
And you surround me with your senses
