

Alliance in Blood

Ereb Altor

Jagh mahnar tigh haffru att tu kommer till migh
Jagh mahnar tigh haffru att tu kommer till migh
Kom till migh i trulldom så swarth
Kom till migh i trulldom så swarth
Kom i tusen diewlars nampn
Kom i tusen diewlars nampn
Jag mahnar tigh haffru att tu kommer till migh
Jag will tiena tigh

Rise

I her whisper inside my head;
"I have arrived upon your deepest request
With the darkest of arts all your dreams will come true"
I hear the darkness call

"Do you accept my demands
And serve none but me"
I am content
I will serve no one but my queen

An alliance in blood sealed with a kiss
Unification in flesh and soul

"With the darkest of arts all your dreams will come true"
I hear the darkness call

Without any words I already knew
Her demands and desires
We have no secrets anymore

An alliance in blood sealed with a kiss
Unification in flesh and soul

Oh, she owns my soul

Jag har påbörjat min resa
Ner i avgrunden jag vandrar
På avgudadyrkans väg
Sida vid sida med mitt älskade rå
