

Alla Dat

Eric Bellinger

Girl I'm with all of that
Fuck is you saying baby
Show me all of that
Ain't here to play no games
Cause I'm with all of that
You said it's wet and wavy
And I might drown in that
So show me all of that
Whoa

I hear you talking baby
Shit been sounding good
Running out of patience
Migos in my cup
Had to get some straightening
Soon as I pull up
Ain't no conversation
Make me a believer baby whoa

Do that shit you dream of in real life
Baby be my porn star for the night
Talk that shit back to me
Don't be quiet
Say what's on your mind
Ten times out of ten

Girl I'm with all of that
Fuck is you saying baby
Show me all of that
Ain't here to play no games
Cause I'm with all of that
You said it's wet and wavy
& I might drown in that
So show me all of that
Whoa

Girl I'm with all of that
Baby what's your plans
Cause I'm with all of that
Slide out with your mans
Cause I'm with all of that
Yeah I'm with all of that whoa

Had to get off my issue
Too much spice on the menu
I been tryna experiment on your body
Since I seen you posted in the lobby
Had to come get you
Sweep you off your feet like a broom
Way that you do the things you do
Girl my Temptation is you

Do that shit you dream of in real life
Baby be my porn star for the night
Talk that shit back to me
Don't be quiet
Say what's on your mind

Ten times out of ten

Girl I'm with all of that
Fuck is you saying baby
Show me all of that
Ain't here to play no games
Cause I'm with all of that
You said it's wet and wavy
& I might drown in that
So show me all of that
Whoa

Girl I'm with all of that
Baby what's your plans
Cause I'm with all of that
Slide out with your mans
Cause I'm with all of that
Yeah I'm with all of that
Whoa

It's Eazy!

Started off as a fantasy in my head
Now I got you waking up inside my bed
No doubt in my mind that this was always meant
I was with all of that girl since the day we met
