

Brand New

Eric Bellinger

Oh, woah-ah, oh-woah-oh
Oh-oh, woah-oh, oh-oh

She wanna do everything I wanna do
I'm 'bout to put onto somethin' brand new
She wanna fuck and I wanna fuck too
But baby I won't be the one that judge you
She wanna be everywhere I wanna be
Straight out my dreams to fulfill my fantasy
I wanna fuck and she wanna fuck me
Baby I could be the one, so trust me

She used to niggas that don't last
Front like they got it but they doin' bad
I might just give that girl my last
I'm realest she ain't never had
She said "Make me feel right"
Ooh-woah, ooh-woah
I said come get (Baby), your life
I know exactly what-

She wanna do everything I wanna do
I'm 'bout to put onto somethin' brand new
She wanna fuck and I wanna fuck too
But baby I won't be the one that judge you
She wanna be everywhere I wanna be
Straight out my dreams to fulfill my fantasy
I wanna fuck and she wanna fuck me
Baby I could be the one, so trust me

She wanna do everything I wanna do
I'm 'bout to put onto somethin' brand new
She wanna fuck and I wanna fuck too
But baby I won't be the one that judge you
