

Chakras

Eric Bellinger

La la la la, la la la la la la
La la la la, la la la la la la
It's Eazy!

Soon as we made the connection, it was obvious
I'm lookin' every direction, all I see is us
Live in the meditation and yoga (uh uh uh uh, uh uh)
I ain't been feelin' the same since we start linkin' up
I just been feelin' myself, maybe cuz I'm with her
She on a different vibration, I can't get enough

Floatin'
Her chakras got me floatin'
Her chakras got me...
La la la la, la la la la la la
Floatin'
La la la la
Her chakras got me...
La la la la, la la la la la la
Floatin'
La la la la
Her chakras got me...

Not givin' a fuck 'bout what the haters say (fuck 'em)
Starin' passed the moon like we lost in space (floatin')
If I had to choose, would it hesitate?
Realign and redefine in a major way
I know, if I face a challenge, she gon' keep me balanced (ah ah)
With her eyes closed
Every time she popped up I been on my Tom truck

Floatin'
Her chakras got me floatin'
Her chakras got me...
La la la la, la la la la la la
Floatin'
La la la la
Her chakras got me...
La la la la, la la la la la la
Floatin'
La la la la
Her chakras got me...

Uh
Realizin' that there's more to life than what it's about
They got Googlin' all kinds of shit while I'm at the house (yuh-yuh)
Pay close attention to every word that comes out your mouth, baby
Yeah
New dimensions when you're with me
Floatin'!

Floatin'
Her chakras got me floatin'
Her chakras got me...
La la la la, la la la la la la (yeah yeah yeah)
Floatin'
La la la la (yeah yeah yeah)

Her chakras got me...

La la la la, la la la la la la (ooh no no no)

Floatin'

La la la la

Her chakras got me like woosah, woosah (woosah, yeah)

They got me like woosah (woosah, yeah)
